Why your business will benefit from being involved with the Noosa Touch Football

Touch Football is continuing to grow in popularity as a sport for all ages and is one of the most family friendly sports in the country.

The Noosa Touch Football Club is one of the Sunshine Coasts fastest growing sporting clubs, increasing its player and membership numbers each year. We have a great history and reputation for being Respectful, having strong family values & delivering a great pathway for our juniors.

Our Club and home is situated at Tewantin and it has the potential to become the strongest touch football club on the Sunshine Coast.

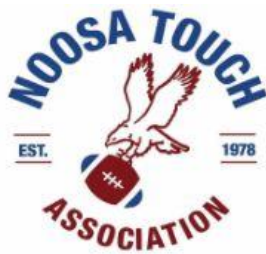

The Noosa Touch Football Club offers great potential for your business to gain exposure for your company's brand in association with our great game of Touch Football on the Sunshine Coast.

We would like to offer your business our support and the opportunity to promote your business to the hundreds of families who visit our club each week and throughout each year.

Our newly constructed webpage is also widely received by the local touch football community and will offer your business great exposure.

As a not-for-profit organisation, sponsorship is a big part of our income to help us develop our junior players into, not only better touch footballers, but better members of the community.

I invite you now to become a valued sponsor of our club and share in our success in 2021 and beyond.
